**901 Marquette Avenue, Suite 2500
Minneapolis, MN 55402-3211**

June 13, 2022

Dear Contractholder:

The Board of Directors (the “Board”) of Thrivent Series Fund, Inc. (the “Fund”) has scheduled a special meeting of shareholders of each series of the Fund (each, a “Portfolio,” and collectively, the “Portfolios”) for July 20, 2022, (with any adjournments, postponements, or delays of the meeting, the “Special Meeting”), with the purpose of voting on a proposal to elect ten nominees named in the attached proxy statement to the Board. Seven nominees are current Directors of the Fund, and three nominees would, if elected, be new Directors of the Fund. Please see the enclosed Proxy Statement for information about this proposal.

As further described in the Proxy Statement, Thrivent Financial for Lutherans (“Thrivent Financial”) and separate accounts of other insurance companies not affiliated with Thrivent Financial are direct shareholders of the Portfolios and the sponsors of variable life insurance contracts and variable annuity contracts (each, a “Variable Contract”) funded by the separate accounts invested in the Portfolios. As the holder of a Variable Contract, you are being solicited for voting instructions so that shares of the Portfolios may be voted in proportion to the instructions received.

Due to COVID-19 health and safety concerns, the Special Meeting will be conducted online only on July 20, 2022, at 2:30 p.m. Central Time. You will not be able to attend the meeting in person.

You will be able to attend and participate in the Special Meeting online by visiting register.proxypush.com/TSF, where you will be able to listen to the meeting live, submit questions and vote.

To be admitted to the Special Meeting and vote your shares, you must register in advance at register.proxypush.com/TSF and provide the control number as provided in the proxy card or voting instruction card. Upon completing your registration, you will receive further instructions via email, including unique links to access the Special Meeting and to submit questions in advance of the Special Meeting.

If you are not planning to attend the Special Meeting online, please vote before July 20, 2022, in one of the other ways described below.

Your vote counts! You may vote quickly and easily in any one of these ways:

- Internet: see the instructions on the enclosed proxy card or voting instruction card.
- Phone: see the instructions on the enclosed proxy card or voting instruction card.
- Mail: use the enclosed proxy card or voting instruction card and postage-paid envelope.
- Attend the virtual Special Meeting: attend the Special Meeting online on July 20, 2022. You can register to attend and vote at the Special Meeting online by following the instructions on the enclosed proxy card or voting instruction card.

Thank you for taking these matters seriously and participating in this important process.

Sincerely,

A handwritten signature in black ink, appearing to read "D. S. Royal". The signature is fluid and cursive, with a large initial "D" and a long, sweeping tail.

David S. Royal
President and Chief Investment Officer
Thrivent Series Fund, Inc.

Important Information on the Proposal

Although we recommend that you read the complete Proxy Statement, we have provided the following questions and answers to clarify and summarize the matter to be voted on (the "Proposal").

Q: Why is a shareholder meeting being held?

A: Thrivent Series Fund, Inc. (the "Fund") is holding a special meeting of shareholders of each series of the Fund (each, a "Portfolio," and collectively, the "Portfolios") to be held virtually on July 20, 2022 (with any adjournments, postponements, or delays of the meeting, the "Special Meeting"), to elect directors of the Fund's Board of Directors (the "Board"). The Proposal, unanimously approved by the Board, is to elect ten nominees named in the attached proxy statement, seven of whom are current Directors of the Fund, and three nominees who would, if elected, be new Directors of the Fund (each a "Director nominee" and, collectively, the "Director nominees").

Q: Who can vote?

A: Each Portfolio is a separate series of the Fund, which is an open-end investment company commonly called a mutual fund. Shares of the Portfolios may be sold to:

- Separate accounts of Thrivent Financial for Lutherans ("Thrivent Financial"), which are used to fund benefits under various variable life insurance and variable annuity contracts issued by Thrivent Financial;
- Separate accounts of other insurance companies not affiliated with Thrivent Financial, which are used to fund benefits under variable life insurance and variable annuity contracts issued by such insurance companies; and
- Other Portfolios of the Fund.

Owners as of June 3, 2022, of the variable life insurance contracts and variable annuity contracts (each, a "Variable Contract" and such owners, "Contractholders") funded by separate accounts of Thrivent Financial or other insurance companies not affiliated with Thrivent Financial invested in one or more of the Portfolios (each, a "Shareholder" and collectively, the "Shareholders") are entitled to vote at the Special Meeting. The Portfolios are investment options in the separate accounts held directly by the Shareholders, which are used to fund the Variable Contracts issued by the Shareholders. Accordingly, Contractholders are being solicited to provide voting instructions to the direct Shareholders, which will in turn cast votes in accordance with instructions received from the Contractholders. If your voting instructions are not timely received, any shares of a Portfolio attributable to a Variable Contract you own will be voted by the respective Shareholder in proportion to the voting instructions actually received for all Variable Contracts issued by that Shareholder participating in the proxy solicitation for the Portfolio. This voting procedure may result in a relatively small number of Contractholders determining the outcome of the vote.

Any shares of a Portfolio held by Thrivent Financial or its affiliates for their own account and any shares held in an asset allocation portfolio managed by Thrivent Financial, the investment adviser to the Portfolios, will also be voted in proportion to the voting instructions received from all Contractholders participating in the proxy solicitation for

each Portfolio. This voting procedure may also result in a relatively small number of Contractholders determining the outcome of the vote.

Q: How does the Board recommend I vote on the Proposal?

A: The Board has reviewed the qualifications and backgrounds of the non-incumbent Director nominees and believes that the addition of these individuals to the Board would benefit the Fund and its shareholders. The proposed non-incumbent Directors have extensive investment management other professional experience and would be able to provide meaningful oversight of the Fund's operations and the investment adviser's efforts to navigate the complexities of today's financial markets and the evolution of the Fund's business.

In addition, the election of all incumbent Directors at this time will allow the Board, in the future, to appoint multiple additional Directors to the Board within the requirements of the Investment Company Act of 1940. As more fully explained in the Proxy Statement, due to restrictions on the percentage of Directors that have not been elected by shareholders, the Board is unable to make additional Director appointments now or in the future.

As the financial markets and regulatory framework in which the Fund operates evolve over time, different needs arise. In order to meet these changing needs, the Board wishes to be able to appoint Directors with the expertise and experience to maintain, and even enhance, the strength of the Board's oversight of the Fund's operations. As a result, the Board recommends approval of the Proposal to elect the Board nominees as Directors of the Fund and that you vote "FOR" each Board nominee.

Q: Will my vote make a difference?

A: Yes! Your vote is needed to ensure that the proposal can be acted upon at the Special Meeting. Your immediate response will help save the costs of any further solicitation. We encourage you to participate in the governance of your Fund's portfolios.

Q: Who will pay the costs associated with the proxy solicitation and Special Meeting?

A: The costs of electing directors are an expense of the Fund and all direct costs associated with the proxy solicitation and Special Meeting, including printing, distribution, and any proxy solicitation costs as well as the costs of the Special Meeting, will be borne by the Portfolios. The costs to the Portfolios are not expected to exceed \$259,794 in the aggregate. Such costs will be allocated among the Portfolios based upon their respective number of Contractholders. Certain indirect costs such as internal resources and support will be borne by the Portfolios' investment adviser, Thrivent Financial, or an affiliate.

Q: How can I vote?

A: Contractholders are invited to attend the Special Meeting online to cast their vote. Due to COVID-19 safety concerns, the Special Meeting will be conducted online only and shareholders will not be able to attend in person.

You will be able to attend and participate in the Special Meeting online by visiting register.proxypush.com/TSF, where you will be able to listen to the meeting live, submit questions and vote.

Participating in the Special Meeting online will not by itself revoke any previously submitted voting instructions.

Registration. To attend the Special Meeting online, you must register at register.proxypush.com/TSF. You will receive an email confirming your registration, and you will receive a link with instructions on how to access the Special Meeting approximately one hour prior to its start time. Q: Who should I call if I have questions about the Proposal?

A: If you need assistance, you may call Mediant Communications at 888-441-3205 from 9:00 a.m. to 6:00 p.m. Eastern Time, Monday through Friday. Your call will be answered by a live representative that can assist you with questions on the proposal or the voting process and accept your vote on a recorded line. Proxy Statement

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Thrivent Series Fund, Inc. (the "Fund") to be used at a special meeting of shareholders (with any adjournments, postponements, or delays of the meeting, the "Special Meeting") of each series of the Fund listed above (each, a "Portfolio," and collectively, the "Portfolios"). The Special Meeting will be held on July 20, 2022, for the purposes set forth in the accompanying Notice of Special Meeting of Shareholders, which are also described below and discussed in greater detail elsewhere in this Proxy Statement. To avoid the additional expense of further solicitation, the Board requests that you promptly complete and mail your enclosed proxy card or voting instruction card, or record your voting instructions by Internet or phone, regardless of whether you plan to attend the Special Meeting online. This Proxy Statement and the accompanying Notice of Special Meeting of Shareholders and proxy card or voting instruction card are first being made available to shareholders on or about June 20, 2022.

Each Portfolio is a separate series of the Fund, which is an open-end investment company commonly called a mutual fund. Shares in the Portfolios may be sold to:

- Separate accounts of Thrivent Financial for Lutherans (“Thrivent Financial”), which are used to fund benefits under various variable life insurance and variable annuity contracts issued by Thrivent Financial;
- Separate accounts of other insurance companies not affiliated with Thrivent Financial, which are used to fund benefits under variable life insurance and variable annuity contracts issued by such insurance companies; and
- Other Portfolios of the Fund.

Thrivent Financial, other insurance companies not affiliated with Thrivent Financial, and the other Portfolios of the Fund are the sole shareholders and record owners of the Portfolios and are entitled to vote all of the shares of the Portfolios at the Special Meeting. The voting rights of variable contract owners, and limitations on those rights, are explained in separate prospectuses relating to such variable contracts. This Proxy Statement and the accompanying

materials are being delivered to variable contract owners (who are sometimes referred to as “contractholders”) who, by virtue of their ownership of variable contracts, beneficially owned shares of one or more of the Portfolios as of the record date for the Special Meeting, June 3, 2022 (the “Record Date”), so that they may instruct Thrivent Financial or other insurance companies how to vote the shares of the Portfolio(s) underlying their variable contracts.

For ease of reference, the term “shareholders” will be used in this Proxy Statement to refer collectively to both record owners and beneficial owners of shares of one or more Portfolios (i.e., both owners of variable contracts funded by the Portfolios and shareholders of the Portfolios) as of the record date.

Proposal

At the Special Meeting, shareholders will be asked to vote on a proposal to elect Janice B. Case, Robert J. Chersi, Arleas Upton Kea, Michael W. Kremenak, Paul R. Laubscher, Robert J. Manilla, James A. Nussle, David S. Royal, James W. Runcie and Constance L. Souders, to serve on the Board as Directors of the Fund. In addition, shareholders will be asked to transact such other business that may properly be presented at the Special Meeting (the “Proposal”).

The Proposal, unanimously approved by the Board, is to elect the ten nominees named above (each a “Director nominee” and, collectively, the “Director nominees”), seven of whom are current Directors of the Fund, and three nominees who would, if elected, be new Directors of the Fund.

Quorum and Voting

Who is entitled to vote?

Shareholders of record of each Portfolio at the close of business on the Record Date are entitled to notice of, and to vote at, the Special Meeting.

Shareholders of each Portfolio of the Fund will vote together with each other Portfolio of the Fund. Shareholders of a Portfolio on the Record Date are entitled to one vote for each share held (a fractional share has a fractional vote), with no shares having cumulative voting rights.

How Can I Vote?

Shareholders are invited to attend the Special Meeting online to cast their vote. Due to COVID-19 safety concerns, the Special Meeting will be conducted online only and shareholders will not be able to attend in person.

You may also vote by executing a proxy using one of three methods:

- **Internet:** Instructions for casting your vote via the Internet can be found in the enclosed proxy voting materials. The required control number is printed on your enclosed proxy card or voting instruction card. If this feature is used, there is no need to mail the proxy card or voting instruction card.
- **Phone:** Instructions for casting your vote via phone can be found in the enclosed proxy voting materials. The toll-free number and required control number are printed on your enclosed proxy card or voting instruction card. If this feature is used, there is no need to mail the proxy card or voting instruction card.
- **Mail:** If you vote by mail, please indicate your voting instructions on the enclosed proxy card or voting instruction card, date and sign the card, and return it in the envelope provided, which is addressed for your convenience and needs no postage if mailed in the United States.

Shareholders who execute proxies by Internet, phone or mail may revoke them at any time prior to the Special Meeting by filing with the Fund a written notice of revocation; executing and returning another proxy bearing a later date; voting later by Internet or phone; or participating in the Special Meeting online and providing new voting instructions. Participating in the Special Meeting online will not by itself revoke any previously submitted voting instructions.

All properly executed proxies received prior to the Special Meeting will be voted at the Special Meeting in accordance with the instructions marked thereon or otherwise as provided therein. Proxies received prior to the Special Meeting on which no vote is indicated will be voted "FOR" the approval of the Proposal. Proxy votes that are not timely received will not be counted for purposes of quorum or for or against the Proposal. Any shares of a Portfolio held by Thrivent Financial (the "Adviser") or any of its affiliates for their own account and any shares held in asset allocation portfolios managed by Thrivent Financial will be voted in proportion to the proxies received from all contractholders participating in the proxy solicitation for the Portfolio. As a result of such proportional voting, a small number of contractholders may determine the outcome of the Proposal.

The proxy card grants discretion to the persons named as proxies to take such further action as they determine appropriate in connection with any other matter which may properly come before the Special Meeting. The Board does not currently know of any matter to be considered at the Special Meeting other than the matters set forth in the Notice of Special Meeting of Shareholders.

What is the requirement for a quorum?

A majority of the shares of the Fund entitled to vote at the Special Meeting represented at the Special Meeting online or by proxy constitutes a quorum. Thrivent Financial is the record owner of a majority of the shares of the Fund. Thrivent Financial's representation at the special meeting will, therefore, assure the presence of a quorum.

What is the voting requirement to pass the Proposal?

Approval of the Proposal requires the affirmative vote of a plurality of the votes cast at the Special Meeting online or by proxy at the Special Meeting at which a quorum is present.

How are abstentions and broker non-votes handled?

Abstentions and broker non-votes (i.e., where a nominee such as a broker holding shares for beneficial owners votes on certain matters pursuant to discretionary authority or instructions from beneficial owners, but with respect to one or more proposals does not receive instructions from beneficial owners or does not exercise discretionary authority) will be deemed present for quorum purposes. Abstentions and broker non-votes are disregarded for voting requirement purposes since only votes “FOR” are considered in a plurality voting requirement.

How are voting instructions being solicited?

Solicitation of proxies is being made primarily by the mailing of this Proxy Statement with its enclosures on or about June 20, 2022. In addition to the solicitation of proxies by mail, employees of Thrivent Financial and its affiliates, without additional compensation, may solicit proxies in person or by telephone, telegraph, facsimile or oral communication. The Portfolios have engaged Mediant Communications (“Mediant”), a professional proxy services firm, to assist in the distribution of proxy materials and additional solicitation (if any) and the tabulation of proxies, pursuant to a Master Agreement with Donnelley Financial LLC, a partner and partial owner of Mediant, which includes a statement of work. Mediant is a subcontractor of Donnelley Financial LLC. The Master Agreement includes provisions for limitation of liability and termination and a statement of work describing Mediant’s obligations with respect to proxy solicitation. Thrivent Financial anticipates that additional solicitation by Mediant will not be necessary. Any direct costs associated with the proxy solicitation and Special Meeting, including printing, distribution, and any proxy solicitation costs as well as the costs of the Special Meeting, will be paid by the Portfolios while certain indirect costs will be paid by Thrivent Financial. The costs to the Portfolios for the distribution of proxy materials and the solicitation and tabulation of proxies are not expected to exceed \$259,794. Such costs will be allocated among the Portfolios based upon their respective number of contractholders. If the Proposal is not approved, the Board will continue to consist of the existing Directors of the Fund.

We ask that you promptly mail your proxy card or voting instruction card, for which no postage is required if mailed in the United States, or record your voting instructions by Internet or phone, regardless of whether you plan to attend the online Special Meeting.

- Separate accounts of Thrivent Financial for Lutherans ("Thrivent Financial"), which are used to fund benefits under various variable life insurance and variable annuity contracts issued by Thrivent Financial;
- Separate accounts of other insurance companies not affiliated with Thrivent Financial, which are used to fund benefits under variable life insurance and variable annuity contracts issued by such insurance companies; and
- Other Portfolios of the Fund.

The Secretary of the Fund will vote shares owned by the Fund. The voting rights of variable contract owners, and limitations on those rights, are explained in separate prospectuses relating to such variable contracts. Thrivent Financial and other insurance companies will vote shares attributable to variable contracts in accordance to the voting instructions of the variable contract owners. Any shares of a Portfolio attributable to a variable contract for which no timely voting instructions are received will be voted by Thrivent Financial or other insurance companies in proportion to voting instructions that are received with respect to all variable contracts participating in the Portfolio. Thrivent Financial is located at 901 Marquette Avenue, Suite 2500, Minneapolis, Minnesota 55402-3211.

The officers and directors of the Fund cannot directly own shares of the Fund's Portfolios, and they cannot beneficially own shares of the Fund unless they purchase variable contracts issued by Thrivent Financial or other insurance companies. As of April 30, 2022, the officers and directors of the Fund as a group beneficially owned less than 1% of the outstanding shares of any Portfolio.

To the best knowledge of the Fund, no person other than Thrivent Financial and the Thrivent Asset Allocation Portfolios (Thrivent Aggressive Allocation Portfolio, Thrivent Moderate Allocation Portfolio, Thrivent Moderately Aggressive Portfolio, and Thrivent Moderately Conservative Portfolio) owned, of record or beneficially, 5% or more of the outstanding shares of any Portfolio as of April 30, 2022, other than as follows:

<u>Portfolio</u>	<u>Shareholder</u>	<u>Percent Owned</u>
Thrivent Small Cap Index Portfolio	New York Life Insurance and Annuity Corporation 51 Madison Ave. New York, NY 10010-1603	13.44%

Under the 1940 Act, any person who owns of record or is known by the Fund to own beneficially 5% or more of any class of a Portfolio's outstanding shares is deemed a principal holder, and any person who owns more than 25% of a Portfolio's outstanding shares is deemed a control person. A shareholder who beneficially owns more than 25% of a Portfolio's shares is presumed to "control" the Portfolio, as that term is defined in the 1940 Act, and may have a significant impact on matters submitted to a shareholder vote. A shareholder who beneficially owns more than 50% of a Portfolio's outstanding shares may be able to approve proposals, or prevent approval of proposals, without regard to votes by other Portfolio shareholders.

Information as of April 30, 2022, with regard to record ownership in the Fund is provided below:

<u>Name</u>	<u>Percentage of Shares Outstanding</u>
Thrivent Financial for Lutherans	81.22%
Thrivent Asset Allocation Portfolios	18.61%
New York Life Insurance and Annuity Corporation	00.17%

Proposal: Elect a Board of Directors of the Fund

Background

The Board is responsible for supervising the management of the Fund. The 1940 Act and rules adopted under the 1940 Act contain provisions requiring that certain percentages of a mutual fund's board of directors consist of individuals who are independent of the mutual fund within the meaning of Section 2(a)(19) of the 1940 Act. Current regulations applicable to the Fund require that a majority of the Fund's Board consist of "Independent Directors."

In addition, as a general matter, no individual may serve as a Director unless that individual was elected as a Director by the outstanding voting securities of a mutual fund. Vacancies occurring, however, between shareholder meetings may be filled in any otherwise legal manner if immediately after filling any such vacancy, at least two-thirds of the Directors then holding office shall have been elected to such office by the holders of the outstanding voting securities at a shareholder meeting (the "two-thirds rule").

The Board currently consists of seven incumbent Directors, five of whom are Independent Directors. Five of the seven incumbent Directors, Janice B. Case, Paul R. Laubscher, James A. Nussle, David S. Royal and Constance L. Souders, have been elected by shareholders at a past shareholder meeting. Because of the two-thirds rule, the Board is not able to appoint the new Director nominees because such appointment would result in the Board having less than two-thirds of shareholder-elected Board members.

Reasons for the Proposal

This proposal serves two purposes. First, the Board believes that the Fund and its shareholders would benefit from the expertise of the new Director nominees, Ms. Kea, Mr. Manilla and Mr. Runcie, who would be valuable additions to the Board. The new Director nominees collectively have significant professional experience, including years of experience in the financial services, banking, and educational industries and related agencies, and would be able to provide meaningful oversight of the Fund's operations and the efforts of Thrivent Financial, the Fund's investment adviser, to navigate the complexities of today's financial markets and the evolution of the Fund's business. Each new Director nominee's qualifications and the qualifications of the other Director nominees are discussed below.

Second, the election by shareholders of all Directors at this time will allow the Board to appoint new Directors, if the need were to arise, and comply with the regulatory requirements of the two-thirds rule.

The Director nominees include the seven incumbent Directors (Ms. Case, Mr. Chersi, Mr. Kremenak, Mr. Laubscher, Mr. Nussle, Mr. Royal, and Ms. Souders) and three non-incumbent nominees (Ms. Kea, Mr. Manilla and Mr. Runcie). At a meeting held on May 18, 2022, the Board recommended and nominated these individuals to serve as Directors to the Fund, pending shareholder approval. After a thorough search and evaluation of potential candidates, the Governance and Nominating Committee of the

Board recommended that the Board nominate the new Director nominees to serve as new members of the Board. The Governance and Nominating Committee was assisted by a third-party search firm retained by the independent Directors, which compiled a list of potential candidates based upon criteria established by the independent Directors. The Governance and Nominating and Governance Committee considered candidates identified by the third-party search firm. If these ten Director nominees were to be elected, eight of the ten Directors would be Independent Directors. Mr. Kremenak and Mr. Royal, through their positions with Thrivent Financial, the Fund's investment adviser, would be interested Directors. The Board believes that this percentage of Independent Directors to total Directors (80%) is appropriate for executive oversight of the Fund. It is important to note that the Chair of the Board, Mr. Laubscher, is an Independent Director.

All shares represented by valid proxy cards or voting instruction cards will be voted in favor of the election of the nominees, unless authority to vote therefor is withheld. The Director nominees named have agreed to serve as Directors if elected. If for any reason, any of the Director nominees should not be available for election as contemplated, the proxies named in the proxy card may, unless otherwise limited, vote the shares represented thereby to elect such substitute nominees, if any, as may be designated by the Board, subject to the applicable provisions of the 1940 Act. This election will help assure continued compliance with 1940 Act provisions regarding the election of Directors. Background information on all of the nominees is provided below.

Qualifications of the Nominees

Each nominee was nominated to join the Board based on a variety of factors, none of which, by itself, was a controlling factor. The Board has concluded, based on each nominee's experience, qualifications, attributes or skills, on an individual basis and in combination with those of other nominees, that each nominee is qualified to serve on the Board. Among the attributes common to all the nominees are their ability to review critically, evaluate, question and discuss information provided to them, to interact effectively with the other Directors (in the case of the individuals that currently serve as Directors), the Adviser, the sub-advisers, counsel, the Fund's independent registered public accounting firm and other service providers, and to exercise effective and independent business judgment in the performance of their duties as Directors. A nominee's ability to perform his or her duties effectively may have been attained through the nominee's business, consulting, public service or academic positions, and through experience from service as a board member of the Fund and other funds in the Fund Complex, another fund complex, public companies, or non-profit entities or other organizations. Each nominee's ability to perform his or her duties effectively also has been enhanced by his or her educational background, professional training, and/or other experiences. In addition to these shared characteristics, set forth below is a brief discussion of the specific experience, qualifications, attributes or skills of each nominee. As used in this Proxy Statement, the Fund, Thrivent Mutual Funds, Thrivent Cash Management Trust, and Thrivent Core Funds are collectively referred to as the "Thrivent Funds," and together with Thrivent Church Loan and Income Fund the "Fund Complex."

Leadership Structure and Oversight Responsibilities

Overall responsibility for oversight of the Fund and its Portfolios rests with the Board. The Board has engaged Thrivent Financial to manage the Portfolios on a day-to-day basis. The Board is responsible for overseeing Thrivent Financial and other service providers in the operation of the Fund in accordance with the provisions of the 1940 Act, applicable provisions of Minnesota law, other applicable laws and the Fund's charter documents. The Board is currently composed of seven members, including five Independent Directors and two Interested Directors. An "Independent Director" is not an "interested person" (as defined in the 1940 Act) of the Fund, while an "Interested Director" is. The Board conducts regular meetings four times a year. In addition, the Board holds special in-person or telephonic meetings or informal conference calls to discuss specific matters that may arise or require action between regular meetings. The Independent Directors have engaged independent legal counsel and an industry consultant to assist them in performance of their oversight responsibilities. The Board met five times during the last fiscal year. Each Director attended at least 75% of the total number of meetings of the Board of Directors held during the fiscal year ended December 31, 2021, and, if a member, at least 75% of the total number of meetings of the Committees held during the same period for which he or she served.

The Board has appointed an Independent Director to serve in the role of Chair. The Chair's role is to preside at all meetings of the Board and to act as a liaison with service providers, officers, attorneys, and other Directors generally between meetings. The Chair may also perform such other functions as may be delegated by the Board from time to time. Except for duties specified herein or pursuant to the Fund's charter documents, the designation of Chair does not impose on such Independent Director any duties, obligations or liability that are greater than the duties, obligations or liability imposed on such person as a member of the Board generally. The Board has established five standing committees (described in more detail below) to assist the Board in the oversight and direction of the business and affairs of the Fund, and from time to time may establish informal working groups to review and address the policies and practices of the Fund with respect to certain specified matters. The Board believes that the Board's current leadership structure is appropriate because it allows the Board to exercise informed and independent judgment over matters under its purview, and it allocates areas of responsibility among committees of the Directors and the full Board in a manner that enhances effective oversight. The leadership structure of the Board may be changed at any time and in the discretion of the Board, including in response to changes in circumstances or the characteristics of the Fund.

The Fund and the Portfolios are subject to a number of risks, including investment, compliance, operational, and valuation risks, among others. Day-to-day risk management functions are subsumed within the responsibilities of Thrivent Financial, the subadvisers and other service providers (depending on the nature of the risk), which carry out the Portfolios' investment management and business affairs. Each of Thrivent Financial, the subadvisers and other service providers have their own, independent interest in risk management, and their policies and methods of carrying out risk management functions will depend, in part, on their individual priorities, resources and controls.

Risk oversight forms part of the Board's general oversight of the Fund and the Portfolios and is addressed as part of various Board and committee activities. The Board recognizes that it is not possible to identify all of the risks that may affect a Portfolio or to develop processes and controls to eliminate or mitigate their occurrence or effects. As part of its regular oversight of the Fund, the Board, directly or through a committee, interacts with and reviews reports from, among others, Thrivent Financial, the subadvisers, the Chief Compliance Officer of the Fund, the independent registered public accounting firm for the Fund, and internal auditors for Thrivent Financial, as appropriate, regarding risks faced by the Fund and its Portfolios, and Thrivent Financial's risk management functions.

The Audit Committee of the Board, which is composed of all Independent Directors, oversees management of financial risks and controls. The Audit Committee serves as the channel of communication between the independent auditors of the Fund and the Board with respect to financial statements and financial reporting processes, systems of internal control, and the audit process. A representative of business risk management, which functions as the Adviser's internal audit group, meets with the Audit Committee and provides reports to the Audit Committee on an as-needed basis (but at least annually). Although the Audit Committee is responsible for overseeing the management of financial risks, the entire Board is regularly informed of these risks

through Audit Committee reports. The Audit Committee met five times during the last fiscal year.

The Ethics and Compliance Committee of the Board, which is composed of all Independent Directors, monitors ethical and compliance risks and oversees the legal and regulatory compliance matters of the Portfolios. The Ethics and Compliance Committee meets with and receives reports from the Fund's Chief Compliance Officer, the Fund's Privacy Officer, the Fund's Anti-Money Laundering Officer and Thrivent Financial personnel on matters relating to the compliance program, the anti-money laundering program, privacy, identity theft prevention, cybersecurity, business continuity planning and other areas. Although the Ethics and Compliance Committee is responsible for overseeing ethical and compliance risks, the entire Board is regularly informed of these risks through Ethics and Compliance Committee reports. The Ethics and Compliance Committee met four times during the last fiscal year.

The Investment Committee of the Board, which is composed of all Independent Directors, is designed to review investment strategies and risks in conjunction with its review of the Portfolios' performance. Although the Investment Committee is responsible for oversight of investment risks, the entire Board is regularly informed of these risks through Investment Committee reports. The Investment Committee met six times during the last fiscal year.

The Contracts Committee of the Board, which is composed of all of the Independent Directors, assists the Board in fulfilling its duties with respect to the review and approval of contracts between the Fund and other entities, including entering into new contracts and the renewal of existing contracts. The Contracts Committee considers investment advisory, distribution, transfer agency, administrative service and custodial contracts, and such other contracts as the Board deems necessary or appropriate for the continuation of operations of each Portfolio. The Contracts Committee met six times during the last fiscal year.

The Governance and Nominating Committee of the Board, which is composed of all of the Independent Directors, assists the Board in fulfilling its duties with respect to the governance of the Fund, including the review and evaluation of the composition and operation of the Board and its committees, the annual self-assessment of the Board and its committees and periodic review and recommendations regarding compensation of the Independent Directors. The Governance and Nominating Committee makes recommendations regarding nominations for Directors and will consider nominees suggested by shareholders sent to the attention of the President of the Fund. The Governance and Nominating Committee met five times during the last fiscal year.

The Board, either directly or through its committees, oversees the Portfolios' liquidity risk through, among other things, receiving periodic reporting and presentations by investment and other personnel of the Adviser. Additionally, as required by Rule 22e-4 under the 1940 Act, the Fund implemented the Liquidity Program pursuant to the provisions of Rule 22e-4, as they relate to the Portfolios. The Board, including a majority of the Independent Directors, approved the designation of a liquidity risk management program administrator (the "Liquidity Program Administrator") who is responsible for administering the Liquidity Program. The Board or one of its committees reviews, no less frequently than annually, a written report prepared by the Liquidity Program

Administrator that addresses the operation of the Liquidity Program and assesses its adequacy and effectiveness of implementation.

The Board has appointed a Chief Compliance Officer who oversees the implementation and testing of the Portfolios' compliance program and reports to the Board and the Ethics and Compliance Committee regarding compliance matters for the Portfolios and their principal service providers. In addition, as part of the Board's annual review of the Fund's advisory, sub-advisory and other service provider agreements, the Board considers risk management aspects of these entities' operations and the functions for which they are responsible. The Board may, at any time and in its discretion, change the manner in which it conducts its risk oversight role.

Neither the Fund's charter documents nor the charter of the Governance and Nominating Committee set forth any specific qualifications to serve as a Director. However, the Governance and Nominating Committee has adopted qualification guidelines that the Governance and Nominating Committee may take into account in considering Director candidates and a process for evaluating potential candidates. The qualifications that the Governance and Nominating Committee may consider include, but are not limited to, a candidate's connections to the Christian community, experience on other boards, occupation, business experience, education, knowledge regarding investment matters, diversity of experience, personal integrity and reputation and willingness to devote time to attend and prepare for Board and committee meetings. No one factor is controlling, either with respect to the group or any individual.

Beneficial Interest in the Fund by Directors

The following tables provide information, as of December 31, 2021, regarding the dollar range of beneficial ownership by each incumbent and non-incumbent Director nominee in each series of the Fund. The dollar range shown in the third column reflects the aggregate amount of each Director nominee's beneficial ownership in all registered investment companies within the Thrivent Funds that are (or would be, if elected) overseen by the Director nominee. Thrivent Mutual Funds. For more information on the deferred compensation plan, see “Compensation of Director Nominees” below.

⁽¹⁾ The Fund has adopted a deferred compensation plan for the benefit of the Independent Directors of the Fund who wish to defer receipt of a percentage of eligible compensation which they otherwise are entitled to receive from the Fund. Compensation deferred is invested in Thrivent Mutual Funds, the allocation of which is determined by the individual Director. The Directors participating in the deferred compensation plan do not actually own shares of the Thrivent Mutual Funds through the plan, since deferred compensation is a general liability of the Thrivent Mutual Funds. However, a Director's return on compensation deferred is economically equivalent to an investment in the applicable Thrivent Mutual Funds. For compensation paid during the fiscal year ended December 31, 2021, the total amount of deferred compensation payable to the Directors was \$0.

Other Audit-Related Disclosure

The Fund's audit committee charter provides that the audit committee (comprised of the Independent Directors of the Fund) is responsible for pre-approval of all auditing services performed for the Fund. The audit committee also is responsible for pre-approval (subject to certain *de minimis* exceptions for non-audit services described in applicable regulations) of all non-auditing services performed for the Fund or an affiliate of the Fund. In addition, the Fund's audit committee charter permits

a designated member of the audit committee to pre-approve, between committee meetings, one or more audit or non-audit service projects, subject to an expense limit and notification to the audit committee at the next committee meeting. The Fund's audit committee pre-approved all fees described above that PwC billed to the Fund.

Less than 50% of the hours billed by PwC for auditing services to the Fund for its last fiscal year was for work performed by persons other than full-time permanent employees of PwC. In addition, the Fund's Audit Committee has considered the non-audit services provided to the Fund, the Fund's investment adviser and their affiliates and determined that these services do not compromise PwC's independence.
